Overcoming Obstacles | Psychology Today Maybe you want a steady paycheck and you can't keep a job. Whatever your goal is there are obstacles in the way. Your Perception of Obstacles Makes a Difference. Some people see obstacles as a puzzle to solve. Some see obstacles as an opportunity to grow. Others see obstacles as threats. Still others see obstacles as meaning they cannot succeed. Your view of barriers to achieving your goals affects how you react.

5 ways to overcome challenges | Psychologies 3. Brain power. Most of the challenges we take on appear entirely physical in nature â€” losing weight, running a marathon, developing a beach body â€” but the brain is central to the delivery of success whatever the challenge. It is rarely our physical selves that stop us from achieving a major challenge. More often it is our loss of belief, commitment and motivation that leads to failure. This psychological trio works together in harmony to keep you on the road to success.
